www.RIRX.com

The Rhode Island Medical Society is now offering the RI Rx discount prescription drug card to members and their patients. The free discount card provides savings of up to 75% (discounts average roughly 30%) at more than 56,000 national and regional pharmacies.

This card can be used as your primary plan and/or it can be used on prescriptions not covered by your insurance plan. This program also includes other value added programs which will be listed on the card. Please visit [the RIMS website](#) to create a personalized card and learn about participating pharmacies and programs.

As a member, if you would like RIMS to deliver a sample of printed cards to your office, please contact Megan Turcotte at mturcotte@rimed.org.
